“Parenting with Courage and Connection.”

Speaker: Nicole Holzknacht, a **certified positive discipline parent educator** and a Montessori teacher, certified by the Montessori Education Institute of the Pacific Northwest. She has worked for over 20 years with children from early age up to middle school and has been educating parents in the Seattle/Bellevue area.

Topic: Please join us for this interactive and informative Parent Education Seminar based on *Positive Discipline* by Dr. Jane Nelsen. This class is designed to help take the mystery out of how your child thinks, why they do what they do. We all have goals for our children. This seminar will begin to help you and your child achieve those goals without nagging and bribery. It will help your children feel empowered, encouraged and supported and you will come away with tools to make your relationships respectful, get the results you want and maintain dignity for all.
