# Imagine the Possibilities...

**When you mix a child's natural curiosity and creativity with Living Montessori's rich environment and qualified, dedicated staff, what do you get?**

**A brilliant mind, a healthy body and a happy heart.**

**Summer camp at Living Montessori offers action-packed programs for children ages 3 to 12. Campers engage in creative, hands-on activities and workshops, allowing them to build meaningful friendships, develop skills, and thoroughly enjoy being kids.**

**In Enrichment Base Camps, your child can choose creative and exciting zones that promotes exploration of a variety of rich experiences. Your child can also choose from an assortment of specialty camps to enhance the summer adventure!**

# Enrichment Base Camps

## Visual Arts

Introduce your child to the meaningful world of self-expression through the visual arts! Your child's imagination can run wild while dabbling in paint, textures, patterns, papier mache, recycled art, beadwork and more!

## Little Chef's Culinary

This exciting camp invites your little camper into a child-friendly kitchen where he or she explores various culinary techniques, plans and prepares meals, cultivates an indoor & outdoor organic garden and learns the art of entertaining.

## Music / Drama

Children will explore *Eurythmics* and dance according to set rhythms. This encourages a grounded sense of grace and sets the stage for formal music lessons. Understanding the fundamentals of musicianship, students will play instruments, recognize different tones, discover soft and loud dynamics and respond to conductor cues.

## Fitness & Games

This fun, energetic camp is designed to get your child moving through a variety of individual and team sports and games. Your child develops motor skills, body awareness and hand-eye coordination while learning leadership and team-building skills.

# Specialty Camps

## **Golf**

Golf for kids gets your child off to a good start with this lifetime sport. In a fun setting, children will learn golf course etiquette, and improve their gross motor skills and hand-eye coordination as they practice the basic fundamentals of stance, grip, posture, putting and chipping. Classes are led by our 15-year golf pro with a low, single digit handicap, trained to work with children.

## **Gymnastics**

Your child tumbles and flips through our fully-featured gym, implementing a variety of bar and mat exercises. This camp focuses on building muscle strength, bone density, coordination and balance.

## **Chess for Kids**

This popular game, offered in a fun, kid friendly environment for beginners or advance campers is sure to get your child energized for more! Chess is known to improve concentration, memorization and critical thinking. Children will learn rules and strategies, improve their game, build confidence, develop friendships and have fun practicing with other chess players.

## **Fashion**

Give your child the opportunity to express his or her intrinsic style. In this camp, your child studies the history of costume, the art of color combination and explores the decades of fashion. Incorporating different techniques, your child creates individual clothing designs.

# Specialty Camps

## **Mad Science**

This locally acclaimed program provides a fascinating and educational curriculum, allowing your child to explore the world of science through hands-on experimentation. Your child learns to “think outside the box” by participating in indoor and outdoor science activities.

## **Happy Feet Soccer**

Coaches teach basic soccer techniques through fun and interactive methods including songs, stories, nursery rhymes and games. Through this program, your child develops hand-eye coordination, sportsmanship, team building and confidence, among other skills.

## **Martial Arts**

With the guidance of professionally-trained instructors, campers learn focus, discipline, self-defense, balance and coordination. Your camper develops mentally, physically and emotionally, while developing the “whole child” in an energetic and engaging setting.

## **Technology**

Innovation, Collaboration and Critical thinking!  
In a multimedia rich environment students will explore the use of drawing tools, create multi media projects and power point presentations as they share and learn about animals, cultures and community.

# Specialty Camps

## **Montessori 101 : Preschool & Kindergarten Readiness**

**(Last two weeks of August only)**

This camp is designed for new students to explore the basics of a Montessori environment. They will become familiar with the fundamentals of a Montessori classroom, learn how to make choices and engage in purposeful and enjoyable hands-on activities. Campers also participate in fun culinary, music, dance, movement, gym and outdoor sports & games while getting to know their fellow students.

## **Morning Montessori Summer school**

New and returning students will engage in Language Arts, Zoology, Practical Life skills, Science, Art, Mathematics, Reader's Workshop and Music/Movement. Guided by our Montessori certified teachers the students will work at their own pace with individualized lessons and group activities. In the afternoon students may join the Basic Camps of their choice.
