camp zones!

## Little Chef's Culinary Fun

This is your young camper's big chance to exercise their budding culinary genius in our kid-friendly kitchen. Campers will explore the fun and creative side of cooking as they practice measuring and mixing nutrient rich ingredients to bake. Additionally, your child will refine valuable washing and cutting skills as they prepare food to enjoy as a community.

## Sports/Fitness/Games

Fun and energetic team sports and games will get your child happily moving. Our rousing variety of individual and team sports and games appeal to every youngster. More than fun, kids refine motor skills, body awareness, and hand-eye coordination while tackling life-long leadership skills and all-important team-building.

# ENRICHMENT base camp zones

## Arts & Crafts

Young imaginations are freed to soar while dabbling in paint, blending textures, developing patterns, creating recycled art and experimenting with paper maché. Campers engage in intricate weaving of a variety of elements, explore the world of beads, mold clay, and find inspiration in nature. Every child is sure to have fun while unleashing his/her inner creativity.

## Field Trips

Children love field trips and build memories they cherish for a lifetime. Let your child expand his/her world with our fun, challenging, exciting and adventurous field trips which occur every Wednesday throughout the Summer Camp. Examples of field trips are: Remlinger Farm Rides, in-house ceramic exploration, Seattle Storm Basketball Game, water park aquatic adventures, in-house chocolate making experience, Woodland Park Zoo and more! Full details and costs are available in the registration packet.

# ENRICHMENT base camp zones

## Creations with Ceramics

Clay is an endlessly versatile art medium! Campers will create delightful sculptures, beads, usable cups or plates and more using hand building techniques – coil, slab, pinch, press molding and slip casting. They will explore fired and non-fired clays, white and terra cotta clay bodies and various air dried and kiln fired finishes including underglaze, oxides, glaze and paint. Instructor Liz Gasper loves working creatively with children and is a founder of Kent Kids' Arts Day. \$210/\$245

## Farm Adventures

**DIG IN! at Oxbow Farm.** Campers will spend the week digging into real farm projects and enjoying the summer bounty as they harvest and prepare healthy snacks! They will investigate living soil where organic farming begins and explore the important links between a healthy natural environment and a robust organic farm. Additionally, campers will get to know the wild animals who can be both helpers and pests on the farm. They will get creative by working on their own garden plot as well as design a mini farm to take home. To end the week, each camper will bring the harvest home with a camper-led farmer's market where families can shop for free. Children will be transported by bus to Oxbow Farm. Living Montessori will provide a sack lunch for all campers. \$350/\$405

# SPECIALTY camps

# SPECIALTY camps

## Dance

This camp brings to life a combination of genres of dance including ballet, jazz, basic tumbling and hip hop. Campers learn to translate music into appropriate execution of rhythmic movement and expand their vocabulary. Inspired by the variety in dance, campers engage in self-expression, build concentration and coordination and discover their talents. Most of all they leave asking for more. \$230/\$265

## Intro to STEM with LEGO

Tap into your imagination with tens of thousands of LEGO®! Build engineer-designed projects such as Boats, Snowmobiles, Catapults, and Merry-Go-Rounds. Then use special pieces to create your own unique design! New and returning students can explore the endless creative possibilities of the LEGO® building system with the guidance of an experienced Play-Well instructor. There is no prerequisite for this course. **\$230/\$265**

# SPECIALTY camps

## Swim and Adventure

Campers are transported by bus to the Bellevue Family YMCA. YMCA swimming lessons build self-confidence and can lead to a lifetime of water enjoyment. Whether they are fearful waders or swim team members, trained swim instructors will make swimming fun for all participants by providing a positive, caring environment with plenty of encouragement. Campers will learn a number of strokes as well as basic water safety. Instructors will assist in the step by step process of stroke development as well as water conditioning. Progressive lessons start children at their own level and build upon their capabilities with technique instruction, games and lots of practice. **\$260/\$300**

## Culinary

Let your budding chef develop their culinary skills and boost their kitchen confidence in a fun, supportive environment! We'll celebrate summer in the kitchen with a new theme each day, incorporating basic culinary skills and vocabulary as we go. Our themes will be: Summer Baking, Tea Party, Eating a Rainbow, Resourcefulness in the Kitchen, and Magical Kitchen Potions. All food will be organic whenever possible and camp will end with a homemade ice cream party! **\$250/\$290**

## Soccer

Players learn advanced soccer skills in a fun, safe, and engaging environment. Each day includes a soccer craft and a soccer lesson. This summer's focus is on the FIFA Confederations Cup, which is a major international soccer tournament hosted by Russia this year. Our players will learn about the players, the countries, and the rules that make this tournament so special. **\$220/\$255**

# SPECIALTY camps

*Hurry! Sign up soon,  
Spaces are limited and  
kids are waiting!*

## Visual Arts, Music/Drama

- Silly Songs & Music
- Taking the Stage
- Using Our Imaginations
- Skits & Games
- Drama & Improvisation
- Sculpting Sculptures
